Yaounde, **03 DEC 2025**

PRESS RELEASE

The Minister of Forestry and Wildlife hereby informs Economic Operators of the timber sector that holders of **valid logging titles, Community and Councils Forests** have been granted a **15 (fifteen) day** travel period for the 2025 financial year, that runs from **1 January to 15 January 2026**, in a bid to enable them to transport their products to their final destination.

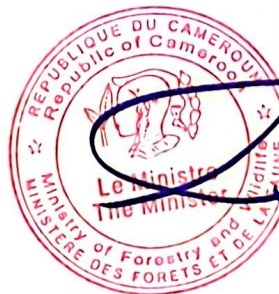

During this period, no timber felling and registration on DF10 shall be authorised for titles that have already been extended.

However, they are reminded that Consignment Notes (LVG/LVD) in circulation shall be submitted in SIGIF 2 application as a condition for benefiting from the above-mentioned measure.

The Minister of Forestry and Wildlife counts on the civic responsibility of Economic Operators and assures them that his services will always be open for their sake.
